

Tulliallan Photography 2024

I'm very happy to offer the Scottish Potters Association a special rate that will apply to this year's event at Tulliallan. I will be setting up on Friday afternoon and able to shoot some items then. The main shoot will be on Saturday and I will leave on Sunday morning.

Because of time constraints the images will be clean simple shots on either a white or soft grey backdrop. These images will be of very high quality for print or web use and show the shape, texture and finish to a high level. You can bring one item to photograph with only one image taken or various items and have details as well, but please leave a brief with each item and a note describing which is the side you consider to be the front, ideally if you can chat things through with me on the day that would be good.

Feel free to stay and see the shoot if you want to.

Images will be provided as A4 or square approx 25mb tiff files.
Please come to see me on the day and discuss any particular issues you may have.

Fee:

First photograph £30.00

Subsequent photographs £25.00 each

Copyright remains with the photographer and uses to be credited.

License to use for self-promotion.

Images can be paid for on the day with a card.
