

Tulliallan photography 2023

I'm very happy to offer the Scottish Potters Association a special rate that will apply to this year's event at Tulliallan.

Because of time constraints the images will be clean simple shots on either a white or soft grey backdrop. These images will be of very high quality for print or web use and show the shape, texture and finish to a high level. You can bring one item to photograph with only one image taken or details as well, but please leave a brief with each item and a note describing which is the side you consider to be the front, ideally if you can chat things through with me on the day that would be good. Feel free to stay and see the shoot if you want to.

Images will be provided as A4 or square approx 25mb tiff files.
Please specify on the form which crop you need or any other specific size.

Please come to see me on the day and discuss any particular issues you may have.

Fee:

1 photograph £35.00
2 plus photographs £25.00 each

Large file size above 30mb £5.00 per image each.
Copyright remains with the photographer and uses must be credited.
License to use for self-promotion.
